R66 SERVICE LETTER SL-56

DATE: 18 November 2026

TO: R66 Owners, Operators, and Maintenance Personnel

SUBJECT: 12-Year Inspection Interval Increased to 15 Years

BACKGROUND: RHC has extended the 12-year inspection interval to 15 years for all R66 helicopters.

SUMMARY:

The R66 Maintenance Manual NOV 2026 revision includes revised Table 1 Scheduled Maintenance and Part A of § 1-92 Additional Component Maintenance. Previous 12-year component inspections in § 5-50 have also been revised and are required during 15-year inspections.

Parts that are life-limited to 12 years must still be replaced according to R66 MM § 4-30.

NOTE
Table 1's scheduled swashplate lubrication interval remains 6 years.
